

Iso-Pro Clean

Product description

Iso-Pro Clean is a gentle, alcohol-based solvent cleaning spray with excellent material compatibility in an aerosol can.

Product features

- Rapid residue-free evaporation
- Gentle and effective cleaning
- Cleans and degreases various plastic surfaces and circuit boards
- Spray head for cleaning dirty surfaces and tools
- Universally applicable

Areas of application

For cleaning and degreasing a variety of plastic surfaces, metals, circuit boards, electronic and mechanical components, optical glasses, mirrors in workshops, industrial, and commercial settings. Suitable for removing oil and grease residues, synthetic resins, tar, and bitumen.

Delivery form

Colour:	colorless
Can:	500 ml
Packaging unit:	12 cans per box

Processing instructions

Spray the parts to be cleaned or degreased generously from a distance of about 20-30 cm, and wipe them off with a clean, dry cloth. For heavier contamination, repeat the process if possible. Cleaning surfaces before bonding can improve adhesion.

Please note that some materials, such as plastics, paints, coatings, labels, textiles, etc., may be softened or dulled by Iso-Pro Clean. It is recommended to test the compatibility on the materials before cleaning. Technical specifications

Properties	Value
Density	0,91 g/cm ³
Flash Point	< 20 °C
Shelf life (cool and dry)	15 months (-5 °C bis +30 °C)

Safety instructions

Please follow the usual instructions when dealing with chemicals. Protect skin and eyes. Keep out of the reach of children.

You can find further information on product safety and handling on our free safety data sheet and the product label.
